Governing Council Report

As chairperson I see that the school has changed for the better. We have seen the upgrade of the special needs/special options area completed which is so much better for students and teachers.

The upgrade of the downstairs corridor near the front office, has made it a much more modern and inviting learning space for our children.

The outdoor activities during break times for students are providing a variety of play opportunities. This initiative has been welcomed by the students

Finally the ongoing curriculum work has improved the learning opportunities for the children East. I know that my son Alexander enjoys coming to school and has great days with learning.

The new SAPSASA uniforms are now worn with pride and helps our children to better represent our school.

Attendance Comment

In South Australia, all children and young people must be in school from 6 years to 16 years old. They must attend a government or non-government school full time. From age 16 to 17 however, young people must attend school or an approved learning program (such as an apprenticeship, traineeship, accredited course or university). Schools and parents must encourage and support students to come to school every day. Parents and caregivers must make sure their child is enrolled in a school, and attends school all day and everyday it is open, unless a child is sick or has an approved exemption. Teachers and leaders actively follow up when a student misses school, including recording all absences and non-attendance. All schools in South Australia have local attendance procedures governed under the Education and Children's Services Regulations 2020.
